

# LIFETIME EXTENSION & EXTENDED COVERAGE

**mtu** SERIES 2000 M96

## PEACE OF MIND.

**More life for your engines. More confidence for you.**

Your **mtu** engines are built for the long run. Lifetime Extension and Extended Coverage help you make the most of your existing investment — with extended operating potential and greater confidence.

### Lifetime Extension

**Your trusted engines. A new operating horizon.**

Why replace what you can extend? **mtu** Lifetime Extension moves eligible Series 2000 M96 engines to an updated maintenance schedule with extended overhaul intervals.

### Up to 12,000 operating hours before overhaul

Depending on engine load profile and eligibility.

### What it means for you

#### Make more of your existing fleet

Extend your engines' operating potential without investing in replacements.

#### A defined path forward

A structured overhaul package, incl. inspection and renewal of critical components.

#### Plan with greater confidence

Clearly defined service requirements and extended overhaul intervals.

**The result:** A new operating horizon for your existing engines — backed by a defined **mtu** service concept.

A Rolls-Royce  
solution

## Extended Coverage

### Confidence that goes the distance.

Your peace of mind shouldn't end with your standard warranty. **mtu** Extended Coverage protects eligible engines against covered repair costs throughout an extended operating life.

### Up to 18 years of Extended Coverage eligibility

Subject to operating-hour limits, qualification and approval.

#### What it means for you

##### Protect your investment

Protection against eligible repair costs beyond the standard warranty.

##### Greater financial predictability

Less uncertainty around covered repair costs — plan ahead with confidence.

##### Worldwide service

Worldwide service availability, subject to the applicable program terms.

## Better together.

### Extended engine life meets extended protection.

Lifetime Extension and Extended Coverage are designed to work together – combining a defined maintenance solution with the opportunity for continued financial protection.

**Lifetime Extension:** Extend your operating horizon.

**Extended Coverage:** Extend your protection.

### One integrated approach. Greater peace of mind.

Keep your trusted engines running longer — with the confidence of knowing they're supported for the journey ahead.

Talk to your authorized **mtu** distributor to explore Lifetime Extension and Extended Coverage options for your engines.

12,000

Operating Hours  
Before Overhaul

18

Years with  
Extended Coverage

Program eligibility, overhaul intervals and coverage depend on engine model, operating profile, age, technical condition and applicable terms. Extended Coverage is subject to **mtu** assessment and approval. Coverage ends when the applicable time or operating-hour limit is reached, whichever occurs first.
